

# 28<sup>th</sup> NATIONAL SYMPOSIUM ON CRYOGENICS AND SUPERCONDUCTIVITY (NSCS28)

February 1- 4, 2022

Cryogenic Engineering Centre, IIT Kharagpur

To  
The Director  
Indian Institute of Technology Indore,  
Khandwa Road, Simrol, Indore 453552, INDIA

Date: 22/09/2021

Dear Sir/Madam

**Sub: 28<sup>th</sup> National Symposium on Cryogenics and Superconductivity (NSCS28)**

We are happy to inform you that Cryogenic Engineering Centre of IIT Kharagpur will be hosting **28<sup>th</sup> National Symposium on Cryogenics and Superconductivity (NSCS28)** during February 1 – 4, 2022 at IIT Kharagpur. This symposium is held on alternate year by the Indian Cryogenic Council (ICC).

Cryogenics is increasingly coming into the forefronts to steer the scientific and technological progress of the world. It is making inroads into important and strategic sectors, including space, defence, energy, medical and superconductivity. This symposium aims at providing an effective platform where the industry and academia can share knowledge and identify the various scientific and technological challenges to work on, for their mutual growth and benefits.

The symposium is attended by students, researchers, academicians and industrial professionals from India and abroad. It features invited lectures by distinguished scientists, technocrats and experts from both industries and academia in India and abroad, paper presentations by the researchers and industrial professionals, and industrial exhibitions. A symposium proceeding including the various presentations is published. With all these activities, the symposium has been growing in its stature and expanse since its inception.

We are enclosing the Symposium flyer for detailed information, with a request to kindly give it wide publicity among the faculty and students of your institute.

We look forward to participation from your institute to NSCS28.

With best regards,

*Parthasarathi Ghosh*
