

Translational Research Fellowship Scheme:

You may be aware that there are a handful of technologies that we are aiming for translation with the intent of benefitting the industry, and the society in general. Further, to inculcate a translation research ecosystem among the students a **Translation Research Fellowship** scheme is initiated and has been approved. The main objective of the Fellowship is to encourage students who have developed technologies and are aspiring for upgrading the technology for potential commercialization under the respective faculty member's mentorship. This fellowship is open for undergraduate, post graduate and Ph.D students who are on the verge of completing their degree. The details of the fellowship are as follows:

**B.Tech & PG with a fellowship of
Rs 42000 +HRA**

**Ph.D Students with fellowship of
Rs 55000 +HRA**

The fellowship is for a period of one year. The proposal will be evaluated by professional experts.

The students should use the attached link for proposal submission:
